Business Summary

The Company is an international direct marketing organization committed to developing and executing cost-effective, profitable direct marketing programs for its clients. It has assembled a staff of professionals with decades of client-side direct marketing experience. Many world-class companies, including major banks, insurance companies and others rely on the Company for its experience and unparalleled commitment to client service.

The Company's unique, proprietary database overlays a database of alternative media with demographic and historic information to give its clients an opportunity to better target their potential customers, both from an efficiency and cost standpoint.

Within the direct marketing arena, the Company is the recognized expert in alternative media, including metro and suburban newspaper inserts, billing statements, ride-alongs, shared mail, ticket jackets, door hanger programs, package inserts, and more.

The Company is committed to maximizing the profitability of its clients' businesses by leveraging its expertise in all facets of direct marketing, including product development, marketing strategy, advertising creative services, media planning, rate negotiation, media placement and printing.

The result is a 10-year reputation for quality service, with a loyal and expanding client base.

Why Buy This Company.....

- ★ *Exclusive database enables traditional targeted direct marketing results at alternative media prices. This is a highly effective tool to add to the choices you can offer your clients.*
- ★ *The Company delivers full service and has the critical mass to provide a foothold in the alternative media arena of direct marketing for those companies that have relied on traditional direct mail and are looking to expand.*
- ★ *Excellent relationships with top financial clients can be further developed with additional product offerings.*
- ★ *Favorable margins (20%) and positive cash flow provide immediate bottom line benefits.*
